

CONGRATULATIONS, PADDY HOPKIRK!

CONGRATULATIONS, BMC!

1964 has started well for British motoring! Paddy Hopkirk and Henry Liddon, outright winners of the Monte Carlo Rally; the Mini-Cooper "S", winner of the Manufacturers' Team Prize; Donald and Erle Morley in their MGB, winners in the Grand Touring category. Congratulations all round!

SMITHS are proud to have helped. SMITHS instruments provided vital information for the winning drivers, and SMITHS heating and de-misting equipment contributed to their comfort and safety.

SMITHS equipment (and Bluecol anti-freeze, too) has been supplied for millions of BMC vehicles, and given good service to millions of motorists over very many years.
